Diamond dream when the sun don't shine  
I close my eyes to see  
Twelve wild horses in silver chains  
Calling out to me

Oh Daytona  
Shine your light on me  
Oh Daytona  
Shine your light on me

Now she ain't easy  
So you take good care  
Or she will scream down on your lust  
She can please you  
Like no other  
Or she can leave you eating dust  
Oh Daytona  
Shine your light on me

Burning passion  
Heat my day  
Let me sit inside your wonder  
Cloudless daydream  
Oh dance of dances  
To have tamed the sound of thunder  
Oh Daytona  
Shine your light on me  
Oh Daytona
