Standing in the half-light  
Wondering if he can  
There stands the priest of sinners  
Consolation in his hands  
Though he prays that he won't need it  
He keeps it by his side  
Waiting for the face-up and the answer in her eyes  
All while the music's playing a backdrop serenade  
There's only one point of view  
To be doing the things that lovers should do

Disco-queens in dancestep  
Moving face to face  
All tangled up in neon, don't think it's some disgrace  
The blue western denim  
The East Coast razor edge  
The European fashion  
The leathers and re-treads  
All while the music's playing a backdrop serenade  
There's only one point of view  
To be doing the things that lovers should do
