Me, I'm just running blind  
Can't give you advice you need this time  
You say of her, you can't decide  
And yet you sit and watch her cry  
Friend you're like the wind that blows  
Like the sea, you come and go  
I'm not trying to tell you  
How I think that it should be  
Because I know deep down that you're yearning to be  
free  
And you're only gonna think of number one  
So what am I to say?  
No matter what you do, you're gonna hurt her anyway  
When you know that your love has died  
And you know how you feel inside  
Well you've got to face up and show  
What you're feeling when you know  
Your parting words will be so untrue  
Just as long as it don't come down on you  
And you're scared to lay it on the line  
Ah just in case you change your mind  
I'm not trying to tell you  
How I think that it should be  
Because I know deep down that you're yearning to be  
free  
And you're only gonna think of number one  
So what am I to say?  
No matter what you do, you're gonna hurt her anyway  
When you know that your love has died  
And you know how you feel inside  
Well you've got to face up and show  
What you're feeling when you know
