Close you eyes, start to wander
Out of your head into the future
And it's brighter and it's greener there
And you're growin' high, high, high (high, high, high)

Eyes move under their lids
And your feet's itchy
And your fingers twitch
And you're finding out secrets
That you could not bring home to me

So remember
I'm still here
Just remember
I'm still here
Don't forget that
I'm still here
The way you left me
Don't forget me

You cut your ties
You're not connected
And I lie here
Shallow breathin'
And I cannot move from here
Without you

So remember that
I'm still here
Just remember
I'm still here
Don't forget that
I'm still here
The way you left me
Don't forget me

Cause I need ya
Cause I need ya
Cause I need ya
Cause I need ya
