I am a bubble loathing through thorns in the roses
Flying along with my eyes closed, I could pop at any
moment

Bouncing off the branches of the trees
Going through, and I'm taking you with me

Flying along the tracks without any brakes
A little tiny stone like you is all it would take

Just send me flying off the tracks
To land upon my back, amongst the daisies
You send me flying off the tracks
To land upon my back, amongst the daisies

Defuse my heart and wrap it up all safe and warm and
dry
Have noticed tiny love lights coming out my eyes

Like butterflies made of stars
Bouncing off the windscreens of cars

Ain't no place that I'd rather be
Than sitting here your finger's chasing kisses on my
cheek

You send me flying off the tracks
To land upon my back, amongst the daisies
You send me flying off the tracks
To land upon my back, amongst the daisies
You send me flying off the tracks
To land upon my back, amongst the daisies
You send me flying off the tracks
To land upon my back, amongst the daisies
