Focus on my face.  
Let everything else fade away.  
Slowly breathe.  
There's only you and me.

And hold this moment softly in your arms.

My bay-bay-bay-bay-bay-bay-bay-bay-bay-bay-baby.  
My bay-bay-bay-bay-bay-bay-bay-bay-bay-bay-baby.

Now I'm staring in the fire.  
Flickers just like my insides.  
And I know you're right behind me.  
In everything I do.  
So I'll hold this moment forever in my heart.

My bay-bay-bay-bay-bay-bay-bay-bay-bay-bay-baby.  
My bay-bay-bay-bay-bay-bay-bay-bay-bay-bay-baby.

And I'll hold this moment forever in my heart.
