You and I fall together  
You and I sleep alone  
After all, things might be better  
After one, and there's one that's long gone

For the moon you keep shootin'  
Throw your rope up in the air  
For the kids you stay together  
You nap 'em and you slap 'em in a highchair  
All you ever wanted was someone to take care of ya  
All you're ever losin' is a little mascara  
Little mascara  
Little mascara

Afternoon, things are quiet  
Settle back now if you can  
Stations clip by like a rocket  
Don't you worry if you wonder why he ran

All you ever wanted was someone to take care of ya  
All you're ever losin' is a little mascara  
Little mascara  
Little mascara  
That you cry, cry  
That you cry  
Your eyes out  
That you cry  
That you cry  
That you cry  
That you cry  
Your eyes out

All you ever wanted was someone Ma'd be scared of  
All you're ever losin' is  
A little mascara  
Little mascara  
Little mascara  
That you cry  
That you cry  
That you cry  
Your eyes out  
That you cry

That you cry  
That you cry  
Your eyes out  
That you cry  
That you cry  
That you cry...
