Rip out the table  
we need room to move  
in a life unstable  
your so easily amused  
anywhere you hang  
yourself is home  
throw in a tape fits the tone

Someone take the wheel  
and I don't know where we're going  
anybody say what your feel  
back on I guess this is nowhere

The windows are dirty let's hope it rains  
add another newspaper  
something to do with my change  
I see we're fighting again  
in some fuck'in land  
throw in another tape man

Someone take the wheel  
and I don't know where we're going  
anybody say what you feel  
everybody said but no one show it

Show me one night  
kiss until a long time  
show me one night  
show

Hard music is pounding  
out in that rain  
and we're standing in the shadow  
forever on the brake  
turn it up so I don't have to fake

Someone take the wheel  
and I don't care where we're going  
anybody say what you feel  
every said but no-one show it

Someone take the wheel  
someone take the wheel
