One more chance to get it all wrong  
One more chance to get it all wrong  
One more night to do it all wrong  
One more warning  
One more warning sound  
We're comin' out  
We're comin' out

One more day anyway  
One more chance threw away  
One more night anyway runaway anyway  
We're comin' out  
We're comin' out

One more chance to get it all wrong  
One more time to do it all wrong  
One more night to get it half right  
One more warning  
One more warning sound  
We're comin' out  
We're comin' out
