My days and nights are passing
Long hours are running
But we are still fighting
Ay ay ay

The love is still so shining
Why are we denying?
I really don't know why.
Ay ay ay

Come and take my hand now don't be shy (don't be shy)
And let's try to hold our spirits high

CH:1

Boom boom
Chucka chucka
Your kisses like a like a

Boom boom
Chucka chucka
Your love is like a like a

I wanna say that one thing is true
I'm in love with you

I know that love cannot lie
I wanna give you a new try
So there's no need to cry
