Proof of innocence

Find me under the covers
Find me, let us be lovers
Don't be so scared
Our hearts are shared

I'll testify to your proof of innocence

Love you like no one before me
Tender, your tender mercy
Don't be so scared
Our hearts are shared
I'll testify to your proof of innocence

Find me under the covers
Find me, let us be lovers
Love you like no one before me
Tender, your tender mercy

Proof of innocence
Proof of innocence
