"Stand Up"

There's a million prayers that are unheard
children crying and people getting hurt,
why do we have to go this way?
i wake up in the morning and hope for better day!

i wanna see the struggle through there eyes,
with no hopes and dreams yust fighting to survive,
i wish that hungry children would fill no pain
but how we gonna do that cuz we are the one to blaim!

Yust take my hand cuz we will never give up
when we fall down we yust have to stand up
i pray before i sleep at night
that i wake to find a clear blue sky!

yust take my hand cuz we will never give up
when we fall down we yust have to stand up
and i pray before i sleep at night
that i wake to find a clear blue sky!

In church they teach us about love and grace
but we judge a man beacuse his different race
children always learn by what they see
So we gotta practise what we preach
why do we have to go this way?
i wake up in the morning and hope for better day!

and i know some day we gonna make it
we gonna end the pain and war
we yust have to stand up as people
i know this is worth fighting for

Yust take my hand cuz we will never give up
when we fall down we yust have to stand up
i pray before i sleep at night
that i wake to find a clear blue sky

yust take my hand cuz we will never give up
when we fall down we yust have to stand up
and i pray before i sleep at night
that i wake to find a clear blue sky!!
