

## Reaction 7 "Truth Thief"

Visit "[Truth Thief](#)" on MotoLyrics.com

You're lying all the time  
You're lying all the time  
You're lying all the time

Years go by  
Good times fade away  
Nobody could warn you  
About the things you say

You're lying all the time  
You're lying all the time  
You're lying all the time

Time goes by  
Forget about your pain  
Forget about your lies  
Nothing to say  
Nothing to do  
Nothing to love  
Nothing with you

There's only lies what lies below  
The lies will come and never go  
And so I say as time goes by  
Go find yourself another guy
