

Reaction 7 "World"

Famine floods
Riots scuds
Planet warming
Bees swarming

It's a screwed up world
Totally wacked out world
You can't escape the pain
Grab an umbrella acid rain

Endless summer
Getting dumber
World exploding
Rifles unloading
It's a screwed up world
Totally wacked out world
You can't escape the pain
Grab an umbrella acid rain

Screwed up world
Wacked out world
Screwed up world
Wacked out world
Screwed up world
Wacked out world
