The melody is in harmony, stick to your real life  
How many... in the window...  
As a kid I was raised on the sounds of motel  
... like the B boys broke down  
... in the depths of despair  
No matter how bad, the music gets there  
... the Congo square, and I fell...  
Same spirituals on the plantation for salvation  
From blue Shamans, the DJs and...  
I so scared, just know the last  
And if it wasn't for the music, I'd be better...

Chorus:

Uh, it lifts me up, and calms me down  
When I'm lost, is through the sound  
I find my inner right for music  
Music is my life!

The vibe that I'm giving you, been the same since...  
No... hairbrush, microphone and a bull box  
... from the bricks to the bulldogs,  
Hip hop got the baseball opened up, higher than blue...  
Get... like... on the block...

Air guitars turn us all in superstars  
Hit a song, sing along, no matter who you are!

Chorus:

It lifts me up, and calms me down  
When I'm lost, is through the sound  
I find my inner right for music  
Music is my life!

This is for the godfather, the...  
... I got your fire...  
A bigger part, still rock to the music...  
... no bullet can take music away!  
Burn in Hollywood...  
Damn it, fuck the police...  
... and if I lost freedom,  
God found it in the rhythm!

Listen to the pain...  
I all God, and the...  
... the angels existed  
Jimmy Hendrix, purple haze...  
... for the voiceless, just gotta say  
This keeps celebrating...  
Chorus:  
It lifts me up, and calms me down  
When I'm lost, is through the sound  
I find my inner right for music  
Music is my life!
