Here I Am
Ready For The World
I took a little walk thinking about me and you
Don't know why it can't be no more know what I'm
talking about
It's been driftin back and forth thinking about me and
you
It's the only way it should be know what I'm saying.

I just wanna tell you baby
What's been on my mind for too long
I been wanting you days and nights ooh
To make my nights seem so right

But here I am and there you are oh baby
Here I am and there you are ooh baby
Can't you see yea ooh ooh ooh

Lying in my bed all night
Wondering where you are all night
My dreams are only dreams without you
Been promising time for too long
Can't you see you see

Here I am and there you are ooh honey oh
Here I am and there you are ooh baby
Don't you know don't you know what I'm talking about

It gets so lonely in this big ole house sometime
Know what I'm talking about ooh

Here I am and there you are ooh wee baby
Here I am and there you are ooh ooh ooh

Can't you help me out whoo

And there you are and there you are ooh
