I'm just an average toy that can give you joy  
I can give you what the other girls want and hon even  
more  
You see, I don't come with directions, I'm a different  
kind of toy  
So come, baby, come and explore this human toy

It's alright, it's okay, you can play me everyday  
It's alright, it's okay, you can love me everyday  
Toy, toy, toy

Hey honey, how's it been with your boyfriend  
It don't look [Incomprehensible] treating you right, I'll  
be your toy friend  
Don't baby, do me like that, that he might find  
'Cause I'm the only one to treat you right, I know  
where's that

It's alright, it's okay, you can play me everyday  
It's alright, baby, it's okay, you can love me everyday  
Toy, toy, toy

Toy, toy, toy, toy, toy

I'm just an average toy that can give you joy  
I can give you what the other girls want and honey even  
more  
You see, I don't come with directions, I'm a different  
kind of toy  
So come, baby, come and explore your human toy

It's alright, it's okay, you can play me everyday  
It's alright, baby, it's okay, you can love me everyday  
Toy, toy, drummer

Toy, toy, toy, toy  
Toy, toy, toy, toy  
Toy, toy, toy, toy
