I won't cry anymore
I can't believe that it's over
I can't believe what you've done
You threw my heart away
With nothing more to say
Only you're sorry
My heart dies a little more
Everytime I think of how you played
You're always with another
You're so good at the game
You had me fooled I couldn't see how you lied to me
And I wonder why you had said you cared for me
If you had her by your side
Why didn't you just set me free
So deceived by your lies everyday, I can't believe
I died in your arms that night

Chorus:

As you held me
As you held me

We were as one in my mind
And how it seemed everlasting
You would always be mine
Until the game you played
You let my heart astray
You awakened me from my dreams
And I won't ask you why
You say you just couldn't tell me
All along you had another
Playing make-belief
While my heart lay asleep
How could you lie to me
And I wonder why you had said you cared for me
If you had her by your side
Why didn't you just set me free
So deceived by your lies everyday, I can't believe
I died in your arms that night

Chorus

And I don't know why I didn't care enough for you
When I had you by my side
I didn't know just what to do
But I'm saying that I lie
Everytime I couldn't see
I died in your arms that night

Chorus
