"A Massive Overdose Of Communication"

Visit "[A Massive Overdose Of Communication](#)" on MotoLyrics.com

I've just had a massive overdose of communication
my head feels like a basketball inflated with too much
air
this whole day was too much input for me to take
it feels like i've been dreaming but i've been wide
awake

but i'm still waiting for something to happen
i'm still waiting for something to appear

i just got back from the club downtown
i had a few drinks with my friends and we just sat
around
we sit and talk and smoke and drink,
and stare at people walking by with drinks in their
hands
we strike up conversations although the music's too
damn loud to understand

that i'm still waiting for something to happen
i'm still waiting for something to appear

and if i need sometime to be alone don't get mad at
me
i would be a lonely person if i couldn't spend time with
myself
i know i'll be out tomorrow waiting for some new
inspiration
i'll be looking for that massive overdose of
communication
