What's Johnny doin' out on a Tuesday night?
When Johnny can't read and Johnny can't write
Johnny just don't understand
Johnny don't care about this world
As long as he can fuck his girl
And prove that he's a man

Johnny wastes his days eatin' ludes
He's a teenage vegetable
Getting high proves that he's cool
Johnny hates to think, he's ignorant
He's a mindless brainwashed pig
Ring a bell, he starts to drool

Degenerated! Degenerated! And your minds have
vegetated!
Degenerated! Degenerated! And your thoughts are
constipated!

He's got P.C.P. in his veins
He's got a void in his brain
He's addicted to the T.V.
And when he's old, he's gonna have a son
They'll both grow old deaf and dumb
What's to become of young Johnny?
