The day is dark
The night is bright
My skin is light
Your hair is bright
It makes the day go by so fast
It makes the night seem like a day

Another day
Another time
Another place
Some other's face
My hands are shaking
My breath is cold
I see sometimes
It's been a long time...

I'm at the end
I've broken the trend
of being alone,
of hiding the phone
It makes the day go by so fast
It makes the night seem like a day

It's been a long time...
