English translation

My setting off on a journey, yeah, was sudden
A coincidental necessity
Spinning, my fate creaked open
There is confusion in sudden rain
Being touched even when I'm soaked, I'm
dumbfounded
Give a smile! And the path will open for you
Hiding
Inside meaningless things,
What is the most important thing?
I'm sure a miracle will occur, so smile! My
Heartbreaking Romance
Let's shine, just how we want to
An interesting joy, that's the basics
Your Heartrending Sorrow
I won't touch it right now, but
First off, let's start here!
Do I ever not? Scared in the nightmares of
abandonment
The little me is crying
A premonition? A memory? On that night my heart was
rushed
The destination my heart is being forced to
No matter where I look, my path is blocked
Shall we look to the heavens?
Shall we dive into the earth?
So which one? The feelings I've hidden are everything
Because losing them only takes a moment
More daringly, more boldly, smile! My Heartbreaking
Story
The fingers I touched speak to me
I can't see anything in the maze of darkness
Your Heartrending Anguish
Whatever kind of tomorrow, I'll fight
I'll dash right down the path I believe!
Am I ever not like this? Heartbreaking Farewell
I reach my hand to the fleetingness
Even if my wings break, I won't lose them
Your Heartrending Dark Doom
Will you let me touch your scars?
Let my wish reach you, Am I Bleeding?
It's All Yours!
Heartbreaking Romance
Let's shine, just how we want to
An interesting joy, that's the basics
Your Heartrending Sorrow
Even if I'm powerless, I'm right by your side

It's impossible to be bored with me! Am I ever boring?
