By His word, in the beginnin' by His word

By His word, in the beginnin' by His word

He divided up the light into day and into night

And He saw that it was right by His word

Then He made the earth and seas by His word

Then He made the earth and seas by His word

Made the sun to rule the day and the moon in bright
array

Put the stars on the Milky Way by his word

Glory, glory hallelujah

By His word, we started livin' by His word

By His word, we started livin' by His word

Over rock and sky and sea he gave us authority

So, His children could be free by His word

By His word, He made the Sabbath by His word

By His word, He made the Sabbath by His word

He gave us this day of rest, so, who'd 've thought
would be the best

And the sabbath day he blessed by His word

Then He made the earth and seas by His word

Then He made the earth and seas by His word

Made the sun to rule the day and the moon in bright

array

Put the stars on the Milky Way by His word

By His word, by His word, by His word
