(Sammy Cahn, Jule Styne)

There's going to be a hallelujah day
When the boys have all come home to stay
And a million bands begin to play
We'll be dancing the vic'try polka

And when we lived the push of liberty
In each flag ? land across the sea
When a man can proudly say I'm free
We'll be dancing the vic'try polka

And we will give a mighty cheer
When a ration book is just a souvenir
And we'll heave a mighty sigh
When each gal can kiss the boy she kissed goodbye

And they'll come marching done fifth avenue
The united nations in review
When this lovely dream has all come true
We'll be dancing the vic'try polka

Dance dance dance the vic'try polka
Join join join the merry
Sing sing sing the vic'try polka
Raise your voices loud & strong

There's going to be a hallelujah day
When the boys have all come home to stay
And a million bands begin to play
We'll be dancing the vic'try polka

And they'll come marching done fifth avenue
The united nations in review
When this lovely dream has all come true
We'll be dancing the vic'try polka
We'll be dancing the vic'try polka
