I miss you when you're gone
A heart without a home
Just tell me it will be okay
I need ya
Can't get enough of your face
I miss the way you called
When you put me on hold
I keep the words you throw away
I want ya
But what you want from me is a chase
And then I tripped
And fell in love, love, love
I will never ever be the same
Soon as we kissed
Girl you're bad for my health
I need help
D-D-D-D-Doctor
911
What's the problem?
She's breaking my heart for fun
So watcha gunna do?
I need a cure
Oh yeah?
A love eraser
Cause nothing I'm doing's working
911
What's the problem?
She loved me like a hit and run
So watcha gunna do?
I'm gunna run
Oh yeah?
I'm gunna fly away
So tell me operator
How do I operate her?
I see you in my dreams
A picture perfect theme
Exposure never comes out right
I took my time
Got the focus right, tonight
And then I tripped
And fell in love, love, love
Oh, I never should've played this game

Soon as we kissed

Girl, you're bad for my health

I need help

D-D-D-D-Doctor

911

What's the problem?

She's breaking my heart for fun

So watcha gunna do?

I need a cure

Oh yeah?

A love eraser

Cause nothing I'm doing's working

911

What's the problem?

She loved me like a hit and run

So watcha gunna do?

I'm gunna run

Oh yeah?

I'm gunna fly away

So tell me operator

How do I operate her?

I can feel, I can feel I got no control

Its just push and pull

When will I learn that?

Everything about that girl is bad

Tell me operator

How do I operate her?

D-D-D-D-Doctor

911

What's the problem?

She's breaking my heart for fun

So watcha gunna do?

I need a cure

Oh yeah?

A love eraser

Cause nothing I'm doing's working

So watcha gunna do?

I'm gunna run

Oh yeah?

I'm gunna fly away

So tell me operator
