Whoa oh oh oh oh my sunshine
Whoa oh oh oh and the little bird says you're not alone
No, you're not alone

Tonight you called me up just to ask me
"Oh, why's the music up, so loud?"
And said, "You're way too old for that."

I laughed at you and said, "You're only seventeen."
And, "Are you kidding me?"

You kept him cold at night standing all alone
And putting up your best fight
Left from the magazines
And bathrooms too small for your clothes
Your skin and bones
So if this sees eyes, which will keep you occupied

The logic of fashion
And name brand compassion
You're looking all right but in the mean time
I'll be playing the black keys
And singing the West Coast Blues tonight
'Cuz in a dark light, everyone looks alike

Oh,
Moneymaker,
Get down.
This is a holdup
I'm taking my respect back
Oh,
Moneymaker,
Break down.
Triple digit ring, gold
Watch what plagues your filthy hands

And I've been thinking twice about the things I say
The choices I made
'Cuz it comes right back
They conqueror it
And they lie
As always strive,

There will be no room for compromise,
Not even for you/tonight
I helped you find a home
If you want to write on now,
'Cuz it's not like you to let go let go
Baby let yourself shine
Where did that girl I run for go?
You grew up fast

I kept it slow

The logic of fashion
And name brand compassion
You're looking all right but in the mean time
I'll be playing the black keys
And singing the West Coast Blues
tonight...tonight...tonight
'Cuz in a dark light, everyone looks alike

Let's go

Moneymaker,
Back down
I won't be seen with you
I won't kill the way you do
These walls are shaking
Right now
Be shot, we'll be starting fights
So we can all end this all tonight

We'll lets go

You showed her out
Lock the door
You sat and smiled
They wanted more

Be kind of cold if she calls her friends
Stuck a root to the bitter end
But you know
She's smiling
You know
You're crying
You know
She got so carried out

I've been trying to
Just to ask you
What went wrong?
So, if you're feeling too
Keep the feeling true

So if you're feeling too
Keep the feeling true
I've been trying to
Just to ask you
