We welcome winter's wind  
The colors of our bones  
Will you collect me and compound  
And clear your mind before the ground gets cold.  
Embers in air, the wind in your hair  
If you were a snowflake, and possibly I'd be the same  
shape as you.

Spilled coffee in the mornings  
You still adore me, and that's what I love about the cold  
nights  
Cause your jacket fit me just my size.  
Oh oh oh oh  
Baby love is like the holidays  
Cause everyones here and this is sincere(Check That! )  
List you made for Christmas Day  
Cause I'll beÅž on the rooftop, all night, giving out  
Gifts to the world so every boy and girl can  
Feel the way that I do, everytime I see you.

And it's these subtle things that make our spirits warm  
And it's the comfort of carols sung, and ribbons hung,  
and Christmas lights on distant back road drives.  
Embers in air.  
You know it's hard being so far, and so far  
It's a test of strength, but all it takes is the moments by  
your side.

Come morning when I wake up,  
You fix your make up.  
Lighting the fire up all night.  
We'll drink hot chocolate and sing and sigh.

Baby love is like the holidays  
Cause everyones here and this is sincere(Check That! )  
List you made for Christmas Day  
Cause I'll beÅž on the rooftop, all night, giving out  
Gifts to the world so every boy and girl can  
Move the way that I do, everytime I see you.

I'm coming home to the Midwest  
Chasing down winter wonderland

You take your Pointsetta,  
You tell me why it's better, being home right by your  
side

I'm driving home, but the ice storm is making this  
A test of strength, a test!  
Miracles real tonight, the feelings right, the  
decorations falling in place.

Oh love is like the holidays  
Cause everyones here  
And this is sincere(Check That! )  
List you made for Christmas Day  
Cause I'll be Å on the rooftop, all night, giving out  
Gifts to the world so every boy and girl can  
Feel the way that I do everytime I see you.
