It's hard to write out an apology  
I'm not the person I'm supposed to be

Cause I'm a lover in a fighters club  
If my words fail to hold true  
Then I think you should know

I couldn't tell you to leave if I had to  
But I can't make you believe that I want you  
So please come home for it

And I'll make right  
All the sad nights and hard lines  
And I will look you in the eye  
Cause it's not over yet

(Here we go)  
Give me your heart  
Because I need it like I used to  
You are a star shinning down on me  
I had a chance  
And the chance is that, baby  
This is all I need

See, I've been running races on my own time  
Shutting out the people who have stuck with me my  
whole life

So if there's something I could say  
To resist the times that I let free  
And I would surely pass that dare  
Cause lose ends can go nowhere

Give me your heart  
Because I need it like I used to  
You are a star shinning down on me  
I had a chance  
And the chance is that, baby  
This is all I need

Give me your heart  
Because I need it like I used to

You are a star shinning down on me  
I had a chance  
And the chance is that, baby  
This is all I need

No I had  
My mouth won't say  
I love that you love me  
I swear that's the case

If your left with only tears  
I'm stuck with these nightmares  
These ghost  
And these fears

Won't let you down  
I'm gonna run through the night 'til my soul's taken  
flight

Living the same  
I'm watching the sky open up  
With my arms waving out

Oh, I've missed you badly

Give me your heart  
Because I need it like I used to  
You are a star shinning down on me  
I had a chance  
And the chance is that, baby  
This is all I need

Give me your heart  
Because I need it like I used to  
You are a star shinning down on me  
I had a chance  
And the chance is that, baby  
This is all I need  
This is all I need
