(Feat. Sara Quin)

All I want is here in my arms tonight
It's killing me
Girl, let me make it right
What you need is more out of me tonight
'Cause we're so beyond this, I need to feel your trust
So we can be honest, you've got to give me this much
Honestly, I won't get to sleep tonight
It's killing me
Boy, can't we make this right?
All I need is here in my arms tonight
'Cause we're so beyond this, I need to feel your trust
So we can be honest, you've got to give me this much
'Cause we're so beyond this, I've got to get it through
If you can be honest, I can be honest with you
We've got to
