Do vazhdoj te flas

Kisha menduar se nuk do te te shihja me kurre
Kisha menduar se mund te rrija ne vetmi
Por nuk kam menduar se syte e tu ishin shikimi im
Por nuk kam menduar se floket e tu me sillnin freski
Por kam menduar se jeta ime je vetem ti

Do vazhdoj te flas derisa buzet me puthje te mi qetesosh
Dhe prap nuk do te ndalem
Do vazhdoj te flas se nuk di si shuhet ky mall me fjale
Dhe me puthje, a duke te pare ne sy
I mbyll syte
Dhe te shoh
Jane po ato floke
Jane po ato buze
Jane po ata sy
Je ti

Sepse ti je si bulzat e ujit qe behen re kthehen ne shi
Dhe me pas vershojn nga lart, bien ne trupin tim
Dhe ne cdo moment, ne cdo rruge, ne cdo mendim
Me shfaqesh ti
Ne cdo cigare qe djeg, ne cdo got qe pi
Prap je ti
Dhe ne buzet e mija lexon
Jeta ime je vetem ti

Do vazhdoj te flas derisa buzet me puthje te mi qetesosh
Dhe prap nuk do te ndalem
Do vazhdoj te flas se nuk di si shuhet ky mall me fjale
Dhe me puthje, a duke te pare ne sy
I mbyll syte
E te shoh
Jane po ato floke

Jane po ato buze

Jane po ata sy

Je ti

=====

I'll keep on talking

I thought I'd never see you again

I thought that I might end up in loneliness

But I hadn't thought that your eyes were my sight

But I hadn't thought that your hair refreshed me

But I did think that you are my life

I'll keep on talking until you sooth my lips with your kisses

And I still want give up

I'll keep on talking because I don't know how to relieve this longing

With words and kisses

Or by wondering in your eyes?

I close my eyes

And I see you

It's the same hair

It's the same lips

It's the same eyes

It's you

Because you are like those little water drops that make up the clouds and turn into rain

To then gush from above and fall upon my body

And in every moment, in every street, in every thought

You appear

In every cigarette I burn, every glass I drink

It's still you

And in my lips you read

My life it's you

I'll keep on talking until you sooth my lips with your kisses

And I still want give up

I'll keep on talking because I don't know how to relieve this longing

With words and kisses

Or by wondering in your eyes?

I close my eyes

And I see you

It's the same hair

It's the same lips

It's the same eyes

It's you
