Said you, think you're gorgeous

But you, just make me nauseous

Said you, acting like a goddess

A goddess, would act more modest

Said Queen Babylon

You're heading for a fall

Said Queen Babylon

You're heading for a fall

Said you, think your gorgeous

But baby you make me nauseous

Oh baby acting like a goddess

But a goddess would act more modest

Said Queen Babylon

You're heading for a fall
