If the midnight sky and the stars were mine,  
From the rolling sea  
To the mountains high  
If I owned the word and if I could choose  
I would give it all away,  
Only to be with you.

Girl, my heart has found a home where it belongs  
Your loving gives me strength to carry on  
You're all I need  
One touch from you my soul if free

If the midnight sky and the stars were mine,  
From the rolling sea  
To the mountains high  
If I owned the word and if I could choose  
I would give it all away,  
Only to be with you.

Oh, Girl anywhere you are I want to be,  
You opened up my eyes now I can see  
A better place were I could see the smile upon your  
face  
And it only gets better with the passing of time  
With you in my arms  
I know that the world is mine, mine

If the midnight sky and the stars were mine,  
From the rolling sea  
To the mountains high  
If I owned the word and if I could choose  
I would give it all away,  
If only you would stay,  
I'd give it all away,  
Only to be with you., Oh,
