"Holding Out"

I see you laughing up at me
And I can't hide, what it is that you can see
I guess that's why
I'm holding out, my love for you
And when you turn it round
In different ways
The answers turn about
And fly away
A lifelong history
Of trust in vain
I lead the fools parade
Out in the rain
I see you laughing up at me
'Cos you don't seem to care
But oh how happy I can be
When you are there
That's why, I'm holding out...
..My love for you
