[HAVOC]

Yeah this is some of that laid back Prodigal G-funk for the 9-4

With A Havocal twist

I got a sack of orange

I'm finna take me a ?????? and be like ?????

[PRODEJE]

Taa-dow, back up in your ass for the fourth time

Mill. 9's carry crimes from the waistline

Knee deep in that shit that you like to call a gangsta

Diggin' in your brains if I bring the

Flow to your door, can I come on in?

Kick my game in yo' ear, do you hear?

Shall we spend - time in my coup, hittin' dips and blocks

As they nod G-Funk from the bucks that rocks

Endo - I spill it till you feel it, big baby

From the hood where the shit gets crazy

And never sweatin', suckers I gaffle

You thought me ????? but yo, I never felt a baffle

To the break of dawn, till the twilight midnight

Everywhere I go I keep my G tight

And if the East Side G's understand this

I know the West Side G's comprehend this

[LV: chorus]

Eastside, westside, G-slide

Don't stress I'm that nigga with the endo glide

Eastside, westside, G-slide

Ah, yeah right...

[YOUNG PROD]

One, two, three as I creep down your block (low-low)

Don't slip cause I'm strapped with this G-shit

Lil' knucklehead with the 9 over his waistline

Wicked, I get it into more shit than pigeon

I did my G-slide in, on the Eastside in

Niggas never stress Young Prod when I'm ridin'
Ruffneck shit
Nigga don't you want to touch this gangsta funk when I
bump this legit
Don't get it twisted
Nigga but you missed it
Flippin' to the zone if Young Prod ain't got ?????
Ride boy makin' come down now
Just a little touch of this G-shit I found

[Chorus]

[BLOODY MEAT]

Before I chill in the streets grab my heat still 187
Bloody M-E-A-T
Mr. West to the S-I-D-E ride
And remember me fool Westside pimpin' slide
I bust that shit on South Central Cartel's first C-D
Now who the fuck I be be
G with the Z-I-G-Z-A-G stick'em
I bust a ????? bullet as I hit as I jack 'em
N-U-T'z niggas conceive
West to the side make your hoes say: please!
Suck my dick bitch trick don't tease
When I'm done, grab my ki's, shake this spot like a P-I-
M-P
Headed for my H-O-O-D hit ????? liquor sto' for the
Hennessy
Before I lounge in the streets grab my heat
Still 187 Bloody M-E-A-T in the street

[Chorus]
