Go back, my spine  
And hold this up to a brighter light

Consequences batting high up through the atmosphere  
And I don't have the will to make the situation clear  
enough  
Til you can find a better place to sleep  
And I can't fight the secret that I keep fro you

This is my lie  
Think I'll hold it back  
From the tip of my tongue tonight  
This is my lie  
Think I'll hold it back  
From the tip of my tongue tonight

You turn your lie  
Away from this feeling in disguise  
I'm running out the door  
And my heart begins to trip.  
I wonder if your tongue will taste  
The floor left on my lips

'Cause I can't fight  
These walls have to hide  
You just stand outside  
Waiting there for me

This is my lie  
Think I'll hold it back  
From the tip of my tongue tonight  
This is my lie (this is my lie)  
Think I'll hold it back  
From the tip of my tongue tonight

Consequences batting high up through the atmosphere  
And I don't have the will to make the situation clear  
enough  
Til you can find a better place to sleep  
And I can't fight the secret that I keep from you

This is my lie  
Think I'll hold it back  
From the tip of my tongue tonight  
This is my lie (this is my lie)  
Think I'll hold it back  
From the tip of my tongue tonight
