Take it slow  
We're headed home  
There's no one else, you see

The evening sun  
About to go  
This body's old, I need...

Oh, the place you want to go  
Whisper them to me  
Oh, the innocence you hold  
Is falling at your feet.

So, take it slow.  
Make it so we're never out of time  
No, you never have to go.  
Take it slow, let me know  
Everything feels right, deep inside your soul.

I turned down the sheets, and the shades  
So no one else can see.  
The radio bleeds a dream  
As we fall asleep.

Oh, the place you want to go.  
Whisper them to me.  
Oh, the innocence you own  
Is falling at your feet.

So take it slow.  
Make it so we're never out of time  
No, you never have to go.  
Take it slow, let me know  
Everything feels right, deep inside your soul.

We'll start a fire tonight  
You find it hard to breathe.  
Your eyes are so alive tonight  
Deep beneath the sheets, just you and me

Take it slow.

Make it so we're never out of time  
No, you never have to go.  
Take it slow, let me know  
Everything feels right, deep inside your soul.

Take it slow.  
We're headed home.  
There's no one else, you see.
