Don't leave it out

Don't breathe a note

I'm kinda here with you

Wanted to be

Some kind of mess

The pain of it all

And not too impressed

Down there in person

Late in the evening

What's in a name?

Holding the mitts and

Pursing them softly

What is your name?

I think it kind of depends

I mean like

What's your perspective?

Is anything wrong?

Is anything missing?

A little bit lazy

And want your forgiveness

A bunch of regrets, but

It's none of my business
