Dear darling,  
I wonder how were gonna deal with  
This ever changing weather  
Because the picture in my mind isn't  
Always still you and I together  
I've been burning out at both ends  
Burning out at both end

Baby I know now  
I was what you wanted  
I forgot to be, everything you need

Dear Darling I've been trying  
Meet my half way  
That's all I'm trying to say  
And I'm sealed with a kiss  
Painted in the color of your favorite lipstick  
I've been burning out at both ends  
Burning out at both ends

Baby I know now

I was what you wanted  
I forgot to be, everything you need  
I think I, I think I finally believe  
Baby I know now  
You were all I need

Fire at will, she's going in for the kill  
"You left me for dead"  
That's all that she said  
I forget to be everything you need  
I think I finally believe  
You don't like anything about me

Baby I know now  
I was what you wanted  
I forgot to be, everything you need  
I think I, I think I finally believe  
Baby I know now  
You were all I need
