I been thinkin' 'bout our love situation  
All this attraction in the present tense  
I've reached the only logical conclusion  
Love ain't supposed to make sense

This ain't no thinkin' thing right brain left brain  
It goes a little deeper than that  
It's a chemical physical emotional devotion  
Passion that we can't hold back  
There's nothin' that we need to analyze  
There ain't no rhyme or reason why  
'Cause this ain't this ain't no thinkin' thing

Forget mathematical equations  
Self help psychology  
Gray matter don't matter much darlin'  
When it's gettin' down to you and me

This ain't no thinkin' thing right brain left brain  
It goes a little deeper than that  
It's a chemical physical emotional devotion  
Passion that we can't hold back  
There's nothin' that we need to analyze  
There ain't no rhyme or reason why  
'Cause this ain't this ain't no thinkin' thing

There's nothing that we need to analyze  
There ain't no rhyme or reason why  
'Cause this ain't, this ain't, no thinkin' thing  
This ain't, no this ain't no thinkin' thing  
This ain't no thinkin' thing girl  
no this ain't no thinkin' thing  
This ain't, no this ain't no thinkin' thing girl  
This ain't no thinkin' thing baby
