I've got a feeling
That we'll be seeing
Each other again
I've got a feeling
That we'll be seeing
Each other again
Let's not say goodbye
Let's just say so long
It didn't work out this time, girl
Chances are that we'll get it on
Cause I've got a world of faith
That we're gonna make it someday
Some other time and situation
I know we can form a
Stronger relation
Cause I've got a feeling
That we'll be seeing
Each other again
Someday, someday, girl
I've got a feeling
That we'll be seeing

Each other again

The short time I've known you

I have truly found that you

Are the kind of the lady

I love to be around

But your hangups

As well as mine

Wouldn't know how it

To happen this time

But I'm the kind

Who truly believes it

And try it again, if you

First you don't succeed

I've got a feeling

That we'll be seeing

Each other again

Someday, someday, girl

I've got a feeling

That we'll be seeing

Each other again

Now, baby, listen to me

I've got the feeling

And I'm missing you

I've got the feeling

That you miss me too

I've got the feeling

That I'll be with you
Oh, girl, miss you, too
I've got a feeling
That we'll be seeing
Each other again
Someday, someday, girl
I've got a feeling
That we'll be seeing
Each other again
Believe me
Cause I love you
I've got a feeling
That we'll be seeing
Each other again
Can't you see it
One more time, girl
