When you stay at home fighting your own worst enemy
Will you win or lose? You choose
Every inch a soldier, soldier
Military man in high heel shoes

Safe, not safe, streets for walking
Children talking discipline
I can't take anymore
As we fall helpless to the floor

Are we all, we all, we all bleeding babies
Is anyone there
Are we all, we all, we all bleeding babies
In a playground battlefield
Justify, justify just to simplify, simplify
Are we all, we all bleeding, bleeding babies

So you laugh, laugh, laugh as you build a fire
The mirror cracks
No, no not so fast
Slow down, waiting for that fatal sound

Survive, we must survive, be prepared
And don't get caught in the lion's lair
A battle circus, an army of clowns
A battle cry, how does it sound?

Are we all, we all, we all bleeding babies
Is anyone there
Are we all, we all, we all bleeding babies
In a playground battlefield
Justify, justify just to simplify, simplify
Are we all, we all bleeding, bleeding babies

Are we all, we all, we all bleeding babies
Is anyone there
Are we all, we all, we all bleeding babies
In a playground battlefield
Justify, justify just to simplify, simplify
Are we all, we all bleeding, bleeding babies

So you're on the frontline sipping wine

Sipping German wine from crystal steel
The Last suppers being served too soon, soon
I'm gonna need another meal, a new deal

Feast, feast, feast on final scraps
Perhaps, the banquets at an end
High tech on the lower deck shipwreck
Children shall we do it again?

Are we all, we all, we all bleeding babies
Is anyone there
Are we all, we all, we all bleeding babies
In a playground battlefield
Justify, justify just to simplify, simplify
Are we all, we all bleeding, bleeding babies

Are we all, we all, we all bleeding babies
Is anyone there
Are we all, we all, we all bleeding babies
In a playground battlefield
Justify, justify just to simplify, simplify
Are we all, we all bleeding, bleeding babies
