When you stay at home fighting your own worst enemy
Will you win or lose you choose
Every inch a soldier soldier
Military men in high heel shoes

Safe not safe streets for walking
Children talking discipline
I can't take anymore
As we fall helpless to the floor

Are we all we all we all bleeding babies
Is anyone there
Are we all we all we all bleeding babies
In a playground battlefield
Justify (justify) just to simplyfy (simplify)
Ah we all we all we all bleeding bleeding babies

So you laugh laugh laugh
As you build a fire
The mirror cracks, no no not so fast
Slow down waiting for that fatal sound

Survive we must survive
Be prepared and don't get caught in the lions lair
A battle circus, an army of clowns
A battle cry how does it sound

Are we all we all we all bleeding babies
Is anyone there
Are we all we all we all bleeding babies
In a playground battlefield
Justify (justify) just to simplyfy (simplify)
Ah we all we all we all bleeding bleeding babies

So you're on the frontline sipping wine
Sipping German wine from crystal steel
Last suppers being served too soon
Soon I'm gonna need another meal
a new deal

Feast feast feast on final scraps
Perhaps the banquets at an end

High tech on the lower deck shipwreck
Children shall we do it again

Are we all we all we all bleeding babies
Is anyone there
Are we all we all we all bleeding babies
In a playground battlefield
Justify (justify) just to simplyfy (simplify)
Ah we all we all we all bleeding bleeding babies
