Sing: [Speak]:  
[Girl, hear me out]  
Let's make a wish  
[I know you're scared]  
[I know nobody's ever treated you right]  
[And that's why I'm here]  
[I ain't leaving]  
[And I ain't letting you go]

I know you're afraid  
That if you give me your heart  
I'll just throw it away  
But, oh girl  
That's not the case  
Cuz I will cherish your love  
Forever and always

I know just how you feel  
Cuz I've been hurt before  
And I don't wanna hurt anymore  
I know it's gonna take some time to heal  
Oooo yes it will  
But we should try just one thing  
Before we close the door

Let's make a wish  
And hope it comes true (Hope it'll come true)  
Let the power of love  
Keep shining through  
Let's make a wish  
That we hold the key  
To a dream that will last  
An eternity  
Oooooooo...

I know that it's hard  
And finding the perfect one  
Is like reaching for  
A star  
Now true love has come  
To give us plenty of years

Of big smiles and joyful tears

Do you feel what I feel?  
Do you feel what I feel?  
Everytime you're close to me  
Do you feel what I feel?  
Girl, when you whisper my name  
I get a chill  
Come on

Let's make a wish  
And hope it comes true (Come on, come on, come on)  
Let the power of love (Oh yeah)  
Keep shining through  
Let's make a wish  
That we hold the key (That we hold the key)  
To a dream that will last  
An eternity

I'll comfort you  
When you're feeling pain  
Yes I will, I will  
And I'll be right there  
To shelter you from the rain  
Whenever you need me  
Oooo yeah
