Cut out the crap you know you want to relate

Day by day by day by day by day

Don't want to eat your problems like a piece of cake

Day by day by day by day by day

Out of the frying pan in to the fire

I've got a plan that can make your day

Out of the dungeons and down to the wire

You've got to learn how to make love pay

Don't need no friend to tell you how to f\_\_k your head

Day by day by day by day by day

Taking account of nothing leaves you in the red

Day by day by day by day by day

Breaking your bones is a sign of the times

You've got a soul that has been force-fed

Climbing up walls to the end of the line

These are the tracks that are in your head

Out of the frying pan in to the fire

I've got a plan that can make your day

Out of the dungeons and down to the wire

You've got to learn how to make love pay

Day by day by day by day by day
