(M. Jagger/K. Richards/R. Wood)

You fell out of the clear blue sky
To the darkness below
The smell of your flesh excites me
My blood starts to flow
So help me God

You burst in in a blaze of light
You unzipped the dark
One kiss took my breath away
One look lights up the stars
And it's it's one hit to the body
It comes straight from the heart
One hit to the body
Sure went straight to the mark
So help me God

It's one shot when you love me
One shot when you leave me
I don't need no security
I just need some peace
And it's one hit to the body
It comes straight from the heart
One voice calls out my name
It sure went straight to the mark

One punch and you knocked me down
Tore my defenses apart
One round took me out of the game
You did me some permanent harm
It took just one hit
It took just one hit
It ain't enough for me
It ain't enough for me
It ain't enough for me
It's hurting me baby

Oh your love is a sweet addiction
I can't clean you out of my veins
It's a life long affliction

That has damaged my brain
It took just one hit to the body
To tear my defenses apart
One hit to the body
Sure went straight to the mark
One hit to the body
And it comes straight from the heart
One hit to the body
To the body, to the body
Come straight from the heart

One hit to the body
And it comes straight from the heart

One hit to the body
And it comes straight from the heart
That's all it took, that's all it took
So help me so help me so help me God
So help me so help me so help me God

One hit to the body
And it comes straight from the heart
One hit to the body
And it comes straight from the heart
