(Jagger/Richards)

Why does the sky turn grey ev'ry night  
Sun rise again in time  
Why do you think of the first girl you had  
Some things just stick in your mind

Why does the rain fall down on the earth  
Why do the clouds keep cryin'  
Why do you sleep curled up like a child  
Some things just stick in your mind

Why when the children grow up and leave  
Still remember their nursery rhymes  
Why must there be so much hate in their lives  
Some things just stick in their minds
