lover,
you're number one, call for love.

automatic (automatic) my automatic lover.

Can you feel the force, can you feel it,
can you deal with my ----- and combination, with
absolute sophistication.

Deep deep down deep, in my heart may beat,
you know there's something deep inside, a kind of
mystery.

So if you really need to satisfy your burning desire, you
better call me up and I will set you on fire.

I feel my love is growing stronger, I can't fight this
feeling.

I need your lovin all night long, I can't control myself.

Chorus

Your wish is my command, I'm a teacher, not a man
Cuz I got everything it takes to be your everlasting
friend.

You know I'm someone very special, a brand new love
attraction

And if you dial my number I will give you satisfaction.

Yes call for love get in touch with me,

To feel my super-magic space erotic ecstasy.

feeling.
