"I Wanna Come"

Visit "[I Wanna Come](#)" on MotoLyrics.com

It's so strong, I can't resist
I'm on a rocket to the moon, and it feels like this
I wanna come with you
To the place that we go when we do what we do

I wanna come with you

Why don't you come out and play with me?
I wanna be your lollipop, [?? sesame]
Take a deep breath and be ready to explore
The secrets of love and maybe a little more

I feel it growing strong inside
Your love is deep and feels so right
You set me free
Like I wanna be, like I wanna be

It's so strong, I can't resist
I'm on a rocket to the moon, and it feels like this
I wanna come with you
To the place that we go when we do what we do
It's so strong, I can't resist
I'm on a rocket to the moon, and it feels like this
I wanna come with you
To the place that we go when we do what we do

I wanna come with you

I've got my mind made up, I'm ready to break free
Take my hand and come with me
You gotta flow with the rhythm, with the rhythm just
flow
We're gonna take a ride on a rainbow

I feel it growing strong inside
Your love is deep and feels so right
You set me free
Like I wanna be, like I wanna be

It's so strong, I can't resist
I'm on a rocket to the moon, and it feels like this

I wanna come with you
To the place that we go when we do what we do
It's so strong, I can't resist
I'm on a rocket to the moon, and it feels like this
I wanna come with you
To the place that we go when we do what we do

(I can't hide it, I can't hide it)
I wanna come with you

I wanna tease you, touch you, please you
I wanna tease you, touch you, please you
Why don't you come
Why don't you come
Why don't you come
Out and play with me?

I feel it growing strong inside
Your love is deep and feels so right
You set me free
Like I wanna be, like I wanna be

It's so strong, I can't resist
I'm on a rocket to the moon, and it feels like this
I wanna come with you
To the place that we go when we do what we do

(I can't hide it, I can't hide it)
I wanna come with you
(I can't hide it, I can't hide it)
I wanna come with you
