We're gonna take all the ground
We're gonna take all the ground
The sky is the limit, The sky is the limit

The sky is the limit, The sky is the limit
The sky is the limit, And we'll never come down

Ya're like the summer sunshine, Ya're like a bird in
springtime
My like you watching me, watching you, watching what
you do
I gonna take you higher, I gonna make you mine
I like to give you all those better things make your
dream

My head's on the clouds, flying around
I'm thinking about you
I love how you sound, calling my name
I can't live without you

Come on tell me what you want, let me know how you
feel
The sky is the limit, The sky is the limit
tell me what you want, let me know this is real
The sky is the limit, and we'll never come down

I like to say your body move, I like to jump into the
groove
I like to lift you up high, wake me way into the sky
Ya gonna make you mine, I'm gonna take you to the top
I like to take all the ground, with you I'm flying around

My head's on the clouds, flying around
I'm thinking about you
I love how you sound, calling my name
I can't live without you

Come on tell me what you want, let me know how you
feel
The sky is the limit, The sky is the limit
tell me what you want, let me know this is real

The sky is the limit, We'll never come down

The sky is the limit

The sky is the limit, The sky is the limit

The sky is the limit, We'll never come down

We're gonna take all the ground

We're gonna take all the ground

We're gonna take all the ground

We're gonna take all the ground

Come on tell me what you want, the sky is the limit

The sky is the limit, The sky is the limit

tell me what you want, let me know this is real

The sky is the limit, and we'll never come down

The sky is the limit, The sky is the limit

The sky is the limit, The sky is the limit
