You left me for her what can I say ? (That you're a bitch)
And I can't wait until I get out of hear
Carving the days left into the brick wall
And that AVO will only keep me nearer
Only joking, Im gonna keep my distance
But im not joking when I say (with god as my witness)

Chorus:

If you ever come near me again
Whether its alone or with your shitty friends
I'll stab you with my switch blade
I said Im gonna make you pay
And At the moment I only have one thing left to say:
If I shot you sooner I'd be out of jail by now

I got connections now what can I say (Being in here has
only made me stronger)
Carving the days into the brick wall
If I could escape it would only make my sentence
longer
Only joking Im gonna keep my distance
But im not joking when I say (with god as my witness)

Chorus .

Coda: I wish I shot you somewhere lethal, good thing I
learn from my mistakes.

Chorus x 2
